To Whom It May Concern:

This letter is regarding Erick Shute. I've known Erick and his mother since February 2008 when I joined a Public Adjusting company who goes by the name Metro Public Adjusting. Erick and I worked hand in hand going door to door to file an insurance claim for the homeowner to get them paid for the damage that happened to their property. I admired the dedication Erick put into this job, he was a real go getter. At no time was he rude to anyone when they turned us down for trying to help them out. We were able to help people who had a fire, shingles missing, toilet overflows roof leak and broken pipes. I left Metro in June 2009 to work for another company. He and his mother also left for another company. I decided to start my own business called LARJ Public Adjusting, LLC at which time I used Erick to go door to door putting out door hangers. On occasion Erick and his mother would send me to do mitigation jobs, which were done with my other company Fallon & Son Remodeling. I always thought of Erick as an upstanding young man who had no problem working hard for a living. I'm very disgruntled by todays youth as most don't want to work and the ones that do don't care about their job. Some are rude and not polite to customers. The man that is being accused of this crime is not the person I know. If he says it was self-defense then I totally believe him. I believe you need to do a further investigation on the issue. I believe he isn't getting a fair shake, because he is not from the area. Please take another approach to this, because I don't believe he should spend any time in jail.

Thank you in advance for taking the time to read this letter on behalf of Erick Shute.

Respectfully,

Joe Fallon Jr.
